Shkodra

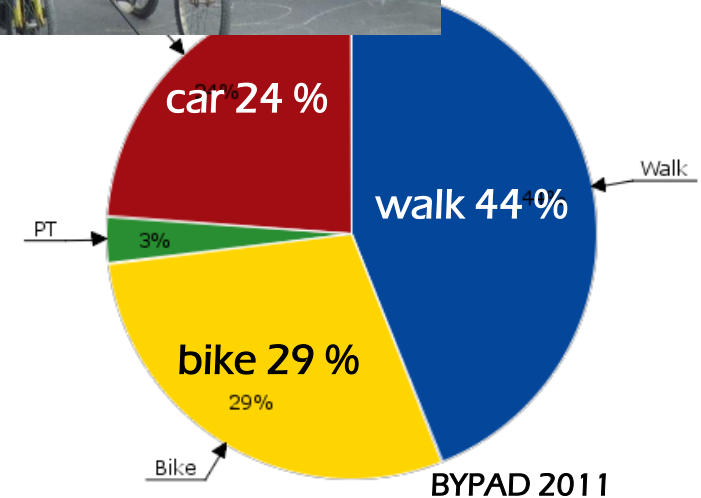

- 1 Context
- 2 Study-Plan of Traffic and Mobility
- 3 Parking Management and Enforcement
- 4 Legal and financial draft of paid parking
- 5 Conclusions

1 Context

1.Context

- Growing bike lanes
- Cars growing faster
- Parking in City Centre becoming problematic
- No significant progress in PT
- Enforcement growing weaker
- Many decisions regarding mobility were improvised

1.Context

- **Clash of mentalities**

Growing number of Cars

= Growing Economy / Quality of Life

Car infrastructure

= more Investments, less Management

Reducing number of Cars

= Reducing Freedom

Mobility infrastructure

= more Management, less Money

SU Mobility supporters

= Bicycle guys

Political Crisis: Mayor of PD vs City Council of PS

1.Context

2 Study-Plan of Traffic and Mobility

2.Study-Plan of Traffic and Mobility

Study-Plan of Traffic, Mobility and Traffic Lighting

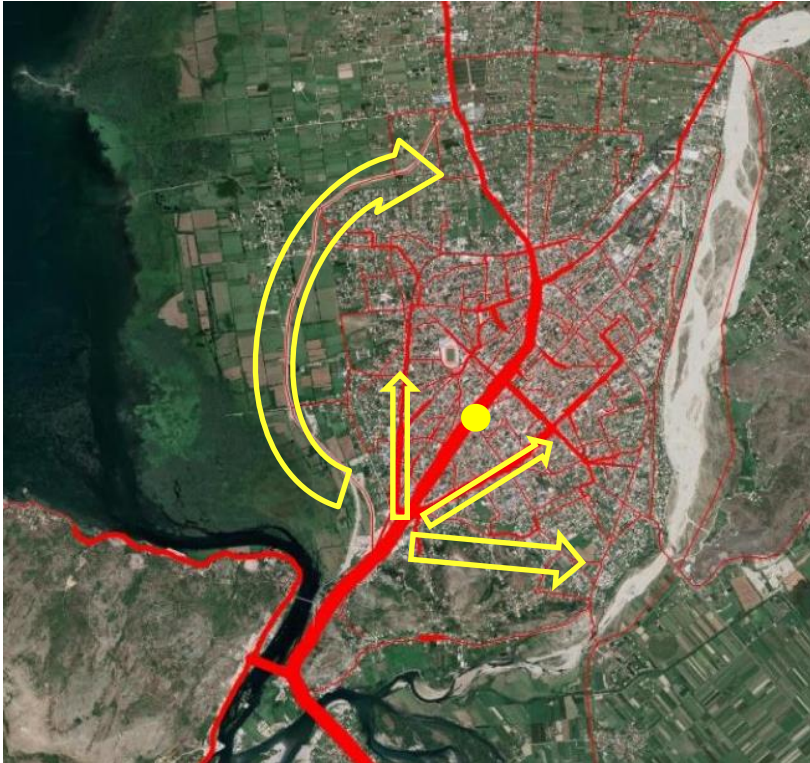

Regulated & fluent traffic first
Disciplined parking
More bike lanes if possible

Better bicycle Infrastructure
Safer pedestrian crossings
Demotivate car driving
Using parking as a tool

2.Study-Plan of Traffic and Mobility

Study-Plan of Traffic, Mobility and Traffic Lighting

Data collection

- Concentrated traffic in central axis
- Double parking very common due to wide car lanes
- Cycling becoming more dangerous

2.Study-Plan of Traffic and Mobility

Redesigning Main Squares and Junctions

Parruca Square 2022

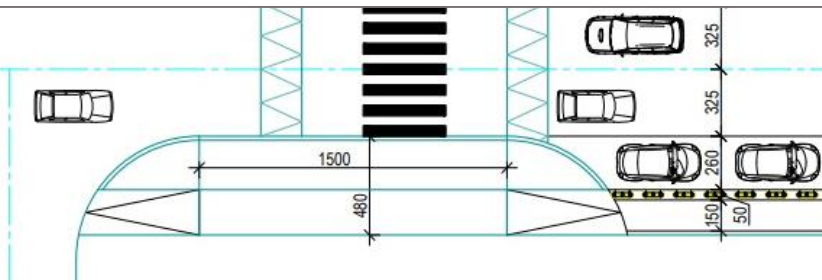

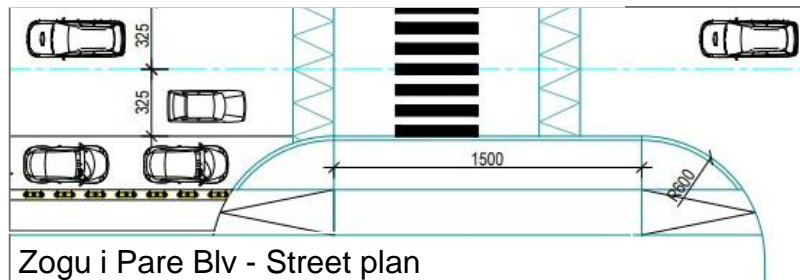

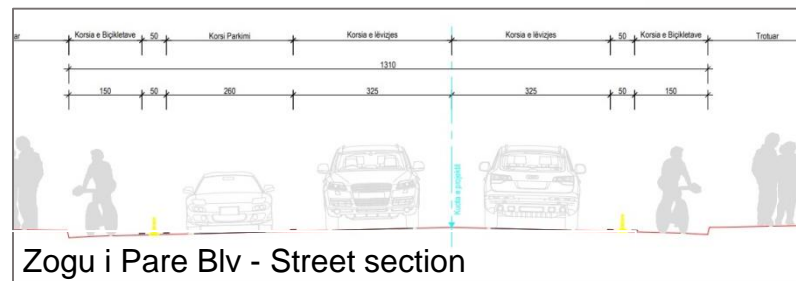

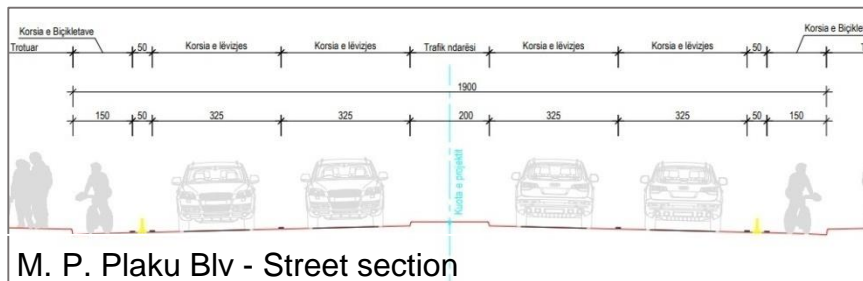

Parruca Square redesign

2011

2.Study-Plan of Traffic and Mobility

Re-conception of the use of the main streets

Safer pedestrian crossings
Safer and better bike lanes
Narrower car lanes

Slower traffic
Reduced parking lots
Easier enforcement

3 Parking (design) Management and Enforcement

3. Parking Management and Enforcement

Shiroka Lakeside Square

- Lakeside quarter
- Parking everywhere
- More than 150 formal parking lots
- Neglected public spaces

3. Parking Management and Enforcement

Shiroka Lakeside Square

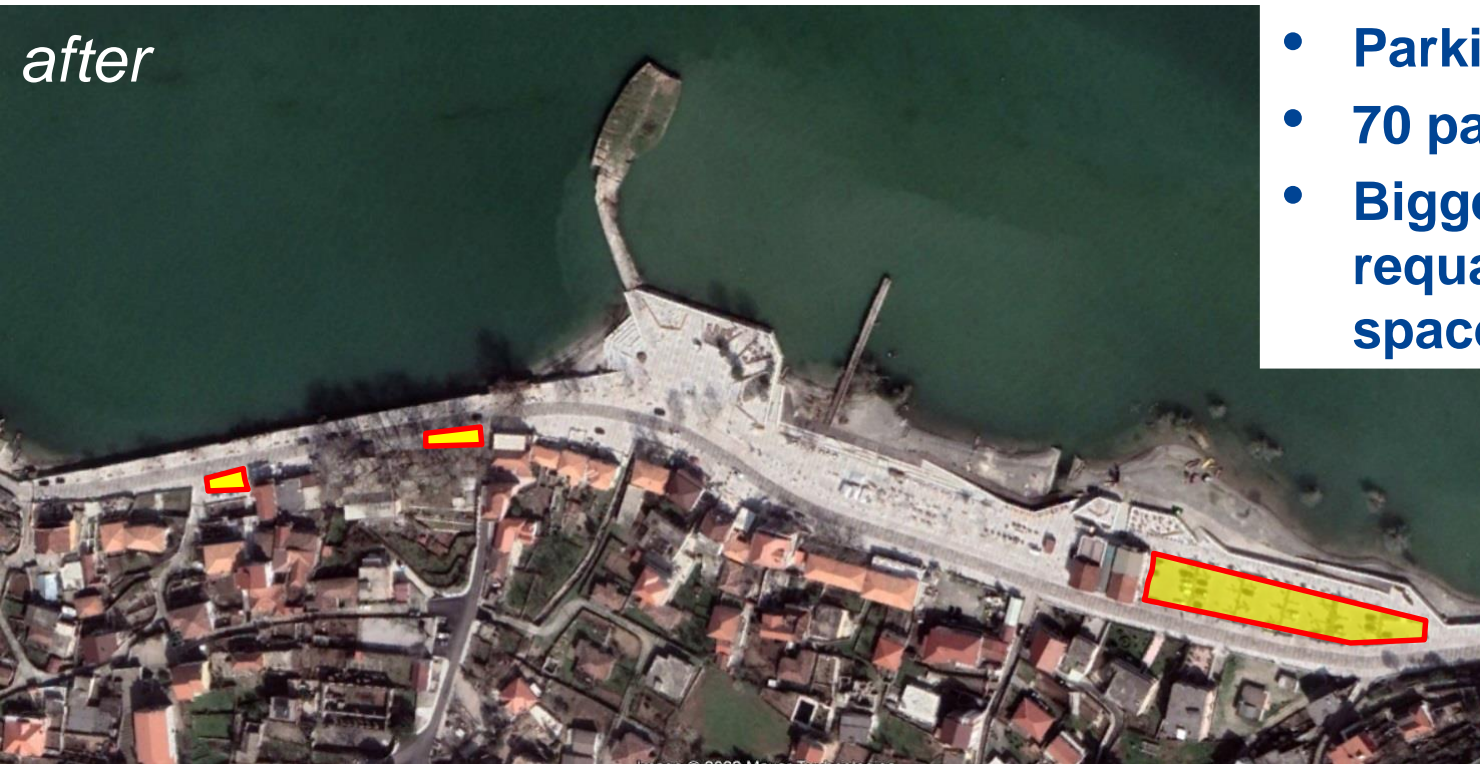

- Lakeside quarter
- Parking everywhere
- More than 150 formal parking lots
- Neglected public spaces

3. Parking Management and Enforcement

Shiroka Lakeside Square

- **Parking in entrance**
- **70 parking lots total**
- **Bigger and requalified public space**

3. Parking Management and Enforcement

Shiroka Lakeside Square

Shiroka (Casanova + Hernandez Architects)

- **Everybody wanted to take credit**
- **Citizens and tourists love it**
- **New perception of the same space**

3. Parking Management and Enforcement

Shiroka Lakeside Square

Shiroka returned to be an attraction for many citizens

3. Parking Management and Enforcement

Shiroka Lakeside Square

- Revitalized and multifunctional space
- The quarter's local economy boomed
- Still many restaurants complained for more parking lots

3. Parking Management and Enforcement

Shiroka Lakeside Square

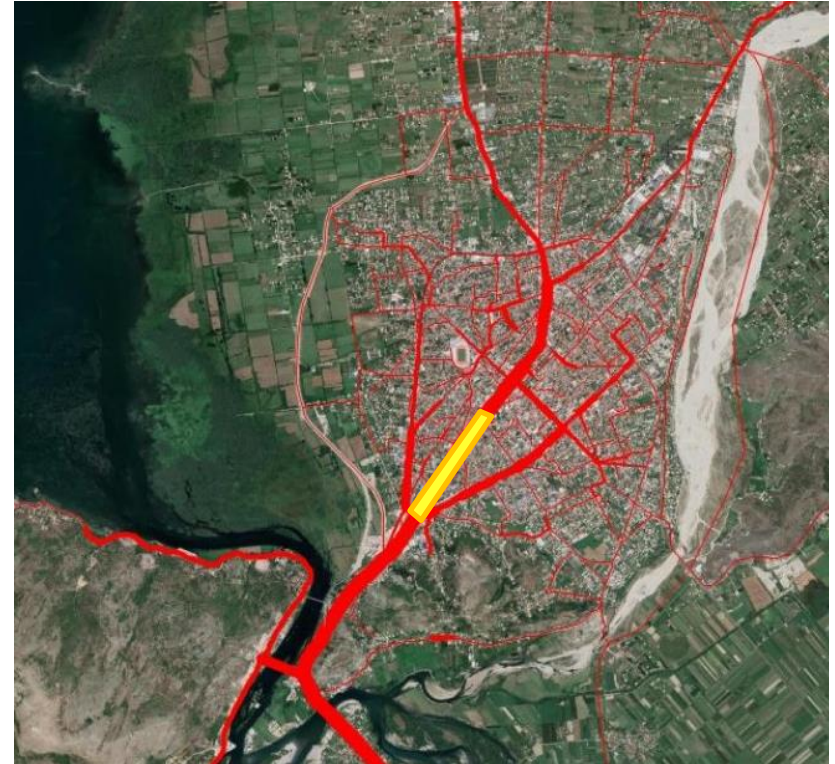

- The complaints came during the project, its implementation and after inauguration
- Park4SUMP as game changer
- Enforcement relatively easy

3. Parking Management and Enforcement

Boulevardi Zogu i Parë

- ParkPAD meeting
- Defining “Zogu i Pare” as street of intervention
- Improving enforcement
- Introducing Parking management
- Improving mobility
- Requalification of the street

3. Parking Management and Enforcement

Boulevardi Zogu i Tiranës

Double parking putting
Cars resting for several
More traffic less safety

- Safer cycling
- Safer pedestrian crossings
- Paid parking
- Easier enforcement
- To be realized by end of 2022

3. Parking Management and Enforcement

Enforcement

- Every citizen is equal, some are more equal than the others
- Enforcement intoxicated by “VIP”-s, relatives, etc
- Illegal occupation
- Not renewed booked parking
- Duty of Traffic and Municipal Police

3. Parking Management and Enforcement

Enforcement improved

- Municipal and Traffic police took action
- In Municipality square employees cannot park anymore
- Illegal occupation not tolerated
- Booked parking enforced
- Number of VIP-s reduced
- Improvement of enforcement in Zogu i Pare boulevard

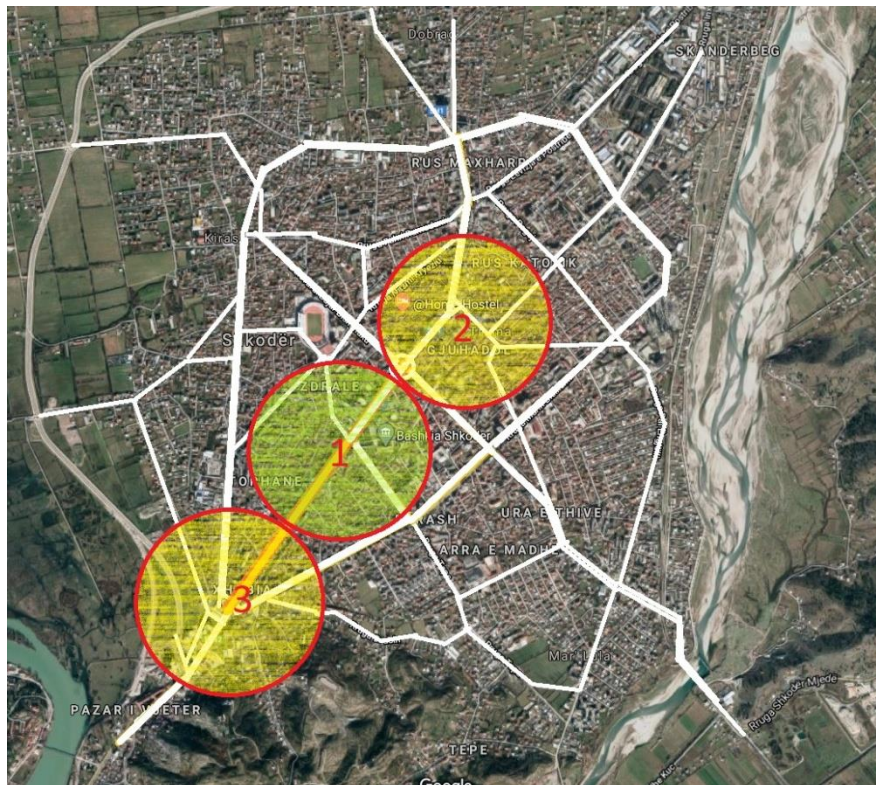

4. Parking Management and Enforcement

4 Legal and financial draft of paid parking

4. Legal and financial draft of paid parking

SHESH PARKIM ZONA 1³

Vendparkim 0-3 orë	Lekë	100
Vendparkim 3-5 orë	Lekë	200
Vendparkim 5-12 orë	Lekë	400
Vendparkim >12 orë deri në 24 orë	Lekë/24 orë	500

TARIFAT E ABONIMIT

Vetëm natën 12 orë/ditë	Lekë/muaj	5000
Parkim pa limit	lekë/muaj	8500
Tarifë për mbajtësit e kartës së rezidentit për zonat e parkimit të miratuara për rezidentët ⁴	Lekë/vit/rezident	1200

- Prepared in collaboration with SRP- Albanian Engineering
- Still not passed in the Financial Package 2022

5 Conclusions

5. Conclusions

- 4 years marked by political crisis
- In hand two drafts to be approved in 2023 and a project ready to be financed
- Just because some things were not done today, it doesn't mean they won't be realized tomorrow

5. Conclusions

- Exploit parking, otherwise it will exploit you
- Change mentality and start to create allies, it will help

Thank you
